

April 21, 2017

**Sponsored Research Offices  
University of Puerto Rico**

As established in the March 15, 2017 communication, the certification deadline for the fall 2016 reporting period was set for today, Friday April 21<sup>st</sup> 2017. However, due to some adjustments required in the transition process between the systems and the limited access to most of the administrative offices due to the situation that the institution is going through, we want to announce an extension of this date. Therefore, the new deadline is set to **May 19, 2017**. All time & effort reports must be finalized and certified by this extended date.
